

OUR MISSION IS TO EMPOWER ALL COMMUNITIES AGAINST CRIME

DAAP works with individuals and communities on appropriate interventions to tackle crime and the causes that lead to crime.

Our principles

- **Crime free individuals contribute to creating safer communities**

Crime affects every section of our community either directly or indirectly.

DAAP Challenges static approaches to tackling crime.

- **Education promotes informed choice**

Individuals can make informed choices to promote their physical, emotional and spiritual wellbeing by knowing the consequences of leading a life of crime.

DAAP educates individuals, organisations and communities about crime and how this impacts on the individual, the family, the community and society at large.

- **Responsiveness and inclusiveness ensures diverse solutions and outcomes**

Individuals and communities are diverse. Solutions and interventions therefore need to be wide ranging and appropriate.

DAAP promotes appropriate interventions and equality of choice so that all sections of the community can better address crime and related issues.

We provide support for individuals wishing to lead crime free lives, organise crime diversion and community safety events, train volunteers and undertake research and resource development

CRIME AND TIME

EMPOWERING COMMUNITIES AGAINST CRIME

We work with individuals and communities on appropriate interventions to tackle crime and the causes that lead to crime.

We provide the following:

Crime diversion activities for young people

- One day interactive workshops for young people between the ages of 13 years to 17 years at Coldingley, Lewes and Send prisons where prisoners facilitate the sessions as part of the Keep Out scheme
- Crime awareness sessions for young people in schools, youth clubs and in community settings delivered by DAAP staff and volunteers
- Learning and creative opportunities in the community for young people up to the age of 25 years organised by DAAP
- Drug, alcohol and Khat awareness sessions for young people in all settings

Crime diversion education for Ealing residents

- Information for professionals
- Crime awareness sessions for members of the community
- Education campaigns

Advice and information to young people to lead crime free lives

- Advice and information on crime prevention

Training as peer educators

- DAAP will provide training for young volunteers on leadership and crime prevention issues

If you are a young person or an organisation who would like to get involved or need more information about how to access our services, please contact DAAP on Tel: 0208 843 0945 or e-mail NigelB@daap.org.uk
